

SAPP in Fire Science

Degree Type

SAPP

The course sequence listed is a recommendation to ensure prerequisites and requirements are met. The student needs to ensure that other institutional requirements such as 12 hours per semester for scholarships are also met. Although 60 hours is the minimum needed for the degree, students may end up with more than 60 hours to meet all requirements.

Upon completion of the 10-credit hour pathway, students will take the following national exams:

- Firefighter 1 - written & practical skills
- Hazmat Operations - written & practical skills
- Hazmat Awareness

The following nationally recognized industry credentials will be awarded:

- Firefighter 1 & Hazmat Ops
- Hazmat Awareness

First Semester

Item #	Title	Credit Hours
